Affordable, accessible healthcare for employees

Employer Zone

Discovery's Employer Zone allows employers to buy vouchers in bulk and distribute them to their employees.

Prepaid Health

Discovery Prepaid Health offers employees access to quality, affordable healthcare beyond traditional products from medical schemes and insurance companies. Employers can bulk-buy Discovery Prepaid Health vouchers for their employees, extending access to quality healthcare services to employees and their families.

Buy and share

Employers can now buy and share healthcare services on a prepaid basis at competitive and affordable private healthcare rates. These healthcare services are supported by a wide distribution network and a free-to-use digital platform.

Private healthcare

Employers highly value access to affordable private healthcare. This access contributes substantially to maintaining a healthy workforce. It positively affects productivity and overall employee wellbeing.
