Plan changes

Changing your plan may impact your Medical Savings Account

The Medical Savings Account (MSA) is an amount that gets set aside for you at the beginning of each year or when you join the Scheme. You pay this amount back in equal portions as part of your monthly contribution. We pay your day-to-day medical expenses such as GP and specialist consultations, acute medicine, radiology and pathology from the available funds allocated to your MSA. Any unused funds will carry over to the next year.

Impact of plan change on Medical Savings

- **Amount owed to Scheme**
Please note you may owe the Scheme an amount if more funds in the Medical Savings Account have been used than contributed in the year. We will be in touch with you regarding any amounts owed to the Scheme.
- **Accumulated Medical Savings**
Please note any accumulated Medical Savings balances will be carried over to the new plan. Should you move to a plan without a Medical Savings Account, we will refund the accumulated amount to you within 4 and half months to the bank details we have on record. Members are encouraged to maintain their bank details on the Discovery website.

Impact on benefits like Chronic Illness cover and Hospitalization

- Cover may be affected by the plan change.
- Please remember any existing hospital preauthorization will be impacted by plan changes, including network rules.

Impact on benefits limits

- Please note benefit limits will be prorated based on the plan change.

Please note: If you do not change your plan in time for the contribution collection, the difference in your contribution will be adjusted with your next payment.
