

Santam

Medical Aid Year End Process 2026

1. Is the merger between Fedhealth and Medshield final?

The merger between Fedhealth and Medshield will no longer be taking place. Medshield will however still be available to Santam employees.

2. Is it compulsory to join a medical scheme?

Membership of an employer-backed medical scheme is compulsory for all permanent employees, unless you are covered as a dependant on your spouse/partner's medical scheme. You are required to submit annual proof of membership to your Human Capital Business Partner. Employees qualifying for Sanlam Primary Health Insurance under the Santam salary threshold are allowed to join Sanlam Primary Health Insurance instead of a medical scheme.

3. Are staff on BestMed and Discovery Health also required to migrate to Fedhealth and/or Medshield?

Legacy BestMed and Discovery Health members are not required to migrate at this stage. As Santam moves towards full alignment with the employer-backed healthcare offering, **Santam employees are encouraged** to explore options with greater value and better coverage on the employer-back medical scheme/s.

4. What is required of me, as a Santam staff member?

Join the Fedhealth and Medshield overview sessions, as well as the detailed option-specific sessions, to ensure you make an informed decision about your healthcare for 2026.

Discovery Health and Bestmed legacy members will be encouraged to review their current options, attend a Fedhealth and Medshield training session, and schedule a one-on-one session to assess whether one of the employer-backed schemes may be better suited for their needs.

5. Do I have to choose the mapping plan? Can I choose another option / plan?

You can choose any option that suits your financial and healthcare needs. It is important to consult with a consultant to review the options which will be best suited.

6. When can I select my option choice for 2026?

The medical aid online tool (via myWorkSpace) opens for all option changes on 20 November and closes on 28 November.

7. The sessions were too high level. It does not provide all the relevant detail to make an option.

If you have attended the sessions, but still require assistance, please contact ARC on arc@aon.co.za or your dedicated regional Aon consultant:
