Fedhealth launches two new Traditional options

Fedhealth Medical Scheme has introduced two sureFED Traditional options – sureFEDEssential and sureFEDPlus – offering uncomplicated, all-in-one medical aid with clearly defined, scheme-funded benefits for day-to-day care, hospital treatment and chronic medication.

Target market: Individuals starting their medical aid journey or looking for simple, practical, budget-friendly cover that fits everyday healthcare needs**.**

sureFEDPlus:

A more comprehensive version of the Traditional option, including all the key hospital, chronic and day-to-day benefits of sureFEDEssential, with broader and higher limits for families and members needing more complete support.

Target market: Growing families or members whose healthcare needs are increasing and who want more extensive, predictable cover.
