KEY BENEFIT ENHANCEMENTS CONTINUED

Changes to Benefit Booster access

Join B Value and complete a wellness screening plus an online mental health assessment; on selected options an HIV test is also required to unlock additional funds. The Benefit Booster increases by 140% in 2027 — complete the required health actions to access up to R12 000 per family, depending on your option.

Mental Health Support

An enhanced 360° mental health and step-care programme on all options, with a 24/7 support line for members and their families. The step-care model matches members to the right level of care, from self-help tools to professional treatment.

Chronic and Disease management

For 2027 a reduction in the number of additional chronic conditions covered on the Standard option, in line with the utilisation on this option.
